

VELOCITY GROUP

Provenance Publication Agreement

This document stands as an agreement between _____ and S. Scott Callan for the composition of one Metal Memory title on individual car / collection. The book shall be written by S. Scott Callan and published by Velocity Group. This agreement shall come into full force upon the submission of a deposit of \$15 to 25k paid by _____ to S. Scott Callan's Velocity Group. The full price of the project is \$ 35 to 50k. The financial agreement shall be in the form of the initial deposit plus; expenses as agreed to by both parties, as these expenses become relevant to the composition and completion of the book. These expenses may take the form of travel as agreed appropriate by both parties, for research and acquisition of material. Balance of project cost shall be paid either at completion of camera ready galleys, or at some mutually agreed time prior to going to press.

S. Scott Callan shall research the history of the car; gather material deemed appropriate for use in the book; photograph the car as needed; write the book in the editorial style of the Metal Memory automotive investigations series; shall art direct, compose and format print ready galleys; shall oversee print production and binding. All archive materials, i.e., photographs, art work, documents, gathered for, or contributed to, the composition of the book shall become the property of S. Scott Callan's publishing company Velocity Group for the express and exclusive use in the publication(s) produced (Single publication right of use). The book will be produced to the high standards of quality established by the Velocity Group for its custom publishing products.

Velocity Group shall have the right to submit the book(s) for review; shall have the right to distribute for sale.

The time allocated for the _____ project is one year, for research, writing, composition of galleys, and publishing. This is stated as an estimate. The project will not be limited to this time frame, as the time frame required may be greater. Because of the scope of production capabilities of the Velocity Group this agreement can be expanded to include digital (interactive) and broadcast products.
